Telemedicine (At Home abortion option)	
Medical Abortion (abortion pills)	R2 230
Medical Abortion (abortion pills) – Student Price	R1 700
Delivery	R250

*Your pills will be couriered to you in a discreet, unmarked package.

Are you eligible?

The Telemedicine option is a Medical Abortion available to women who are **4 - 9 weeks** into their pregnancy and who want to legally terminate.

How does it work?

Please call our tollfree line and speak to an agent to make a booking with our professional Telemedicine nurse.

0800 11 77 85

Our nurse will call you back at an agreed time, to assess your eligibility for the at home abortion option.

You will be provided with all the necessary information to collect your abortion pills or to have them delivered to your home in an unmarked, discreet package, after the teleconsultation process is complete.

Post abortion contraceptives are included in the price of your Telemedicine service.
