**Abbreviations and remarks:**

CFU: Colony Forming Units

<1 / <10 : None Detected

- Envirocare endeavours to perform correct analyses.
- Results relate only to the sample as received by the laboratory. When samples are supplied by the customer, the customer is responsible for correct sampling techniques and sample identification.
- Results identified with a "\*" in this report are not included in the SANAS schedule of accreditation for this Laboratory. Results identified with a "#" in this report are sub-contracted for the required analysis.
- Opinions and interpretations expressed in this report are based upon analysis of the sample as received and the subsequent results achieved.
